

ARCHITECTURAL DESIGN STUDIOS

Students are expected to follow online discussions on the designs presented by their classmates.

In order to be able to participate in the online jury sessions of other groups/ classes than theirs, students are kindly requested to contact research assistants of the studio groups.

Please be reminded that juries are final exams and that late-submissions will be evaluated accordingly.

Officially scheduled curricular activities at METU are required to be in English. Both students and jury members are kindly reminded of this requirement.
